Daily hospital confinement	$200/day	Up to 10 days
Hospital intensive care	$200/day	Up to 10 days

Eligibility and your final payment are confirmed before enrollment.

Georgia-form reference. Availability varies by state and employer group.

Benefit counting: Daily hospital confinement is not paid for a day the first-day benefit is paid. Intensive care is payable in addition to first-day and daily hospital benefits, subject to its own limits.

Important limits: Childbirth within the first 10 months of the covered person's effective date is excluded. The pre-existing-condition limitation applies if the insured person is pregnant prior to the effective date. Newborn initial confinement/routine nursing exclusions apply as described in the full brochure. This is limited-benefit supplemental coverage, not major medical or a Medicare supplement.

The high plan also includes surgery, outpatient emergency treatment, fixed wellness and mental/nervous/drug-alcohol benefits as described in its full brochure. These additional benefits are not part of the low-plan summary.

Coverage: Eligibility, benefit limits, exclusions, state variations and policy terms apply. Read the full selected plan brochure and insurance contract; this rate sheet is not the policy or a guarantee of coverage.
